

16 April 1965

**MEMORANDUM FOR:** Acting Assistant Director  
for Central Reference

**SUBJECT:** Release of NIS to  
Defense Research Division (DRD)

**REFERENCE:** Your memo, 12 April 1965

Under existing regulations, the Defense Research Division, Library of Congress (if fulfilling an intelligence support role as indicated by DIA) would be entitled to receive all published NIS including the section on Intelligence and Security which bears the caveat CONTROLLED DISSEMINATION. It probably would be advisable, however, to ascertain directly from the Counter-intelligence Staff, DD/P whether it would, in fact, approve dissemination of Intelligence and Security to the DRD.
